WELCOME

Pallion is a real Australian manufacturing industry success story. As Australasia's largest private precious metal services group, Pallion is committed to supporting the precious metals industry and proudly employs hundreds of Australians.

Pallion products are available at all Pallion offices throughout Australia, Hong Kong (SAR) and mainland China. Utilising the latest technologies, the mission of Pallion is to deliver superior quality, service and value to the precious metals industry.

These are the reasons why from mine to market, Pallion is your partner in precious metals.

We invite you to experience the benefits of that partnership.

ANDREW COCHINEAS
CHIEF EXECUTIVE OFFICER

PALLION

VERTICALLY INTEGRATED

Pallion offers the benefit of dealing directly with the manufacturer at every step along the value chain - from wholesale precious metal refining and jewellery production to retail bullion sale and trading, backed by the region's most experienced metallurgical team.

OUR STORY

1950s

Felix Parry opens Palloys, Australia's first casting house.

1980s

PJW assays the Hand of Faith Nugget. Palloys casts mounts for the Queen Elizabeth II Bicentennial Coach.

1960s

Palloys enters into a manufacturing agreement with Matthey Garrett. Palloys opens Hong Kong's first casting house and enters into an exclusive electroplating chemical distribution agreement with Wieland GMBH.

1970s

ABC Bullion and ABC Refinery commence operation.

Goldenage International commences operation in Hong Kong (SAR) and China.

1990s

AGS commences operation as a producer of fabricated metals and wedding rings in joint venture with Bullion Mark (subsequently AGR Matthey). PJW supplies gold lettering for the Australian Commonwealth War Memorial.

A&E Metals commences operations.

2000s

Palloys supplies the crown for the Black Madonna icon presented to Pope John Paul II. AGS and PJW merge to become AGS|PJW. Regentco commences operation as an Australian findings supplier. Palloys, AGS|PJW, Regentco and Goldenage International merge to form Palloys Group.

2010s

Palloys casts mounts for the Queen Elizabeth II Diamond Jubilee Coach.

Custodian Vaults commences operation.

ABC Refinery laboratories issued NATA and ISO accreditation.

Palloys Group, ABC Bullion, ABC Refinery and Custodian Vaults merge to form Pallion.

ABC Bullion launches its signature minted bullion range, The Eureka.

ABC Bullion becomes the official manufacturer of the Emirates Melbourne Cup.

ABC Refinery is admitted to the LBMA Good Delivery list for gold.

REFINING

Pallion operates Australasia's largest and most technologically advanced independent precious metal refinery – ABC Refinery.

ABC Refinery is the only independent accredited Gold LBMA Good Delivery List Refiner in Australia.

ABC Refinery is also the only Australian refinery laboratory to have been awarded National Association of Testing Authorities (NATA) and ISO accreditation for the laboratory analysis of gold, silver and their alloys.

ABC Refinery is an accredited Gold LBMA Good Delivery List Refiner. The LBMA logo is a trade mark of The London Bullion Market Association.

BULLION

Pallion is the exclusive distributor of one of the cornerstones of the Australian physical gold trading system - ABC Bullion, the Australian Bullion Company. As Australia's most recognised LBMA Good Delivery bullion brand, all ABC Bullion bars, rounds and tablets are stamped with the ABC Bullion hallmark attesting to the highest standards of purity.

The Eureka collection of rounds and tablets is the ABC Bullion signature minted bullion range, crafted in 999.9 gold and 999.5+ silver.

ABC Bullion is the official manufacturer of the Emirates Melbourne Cup, and is also the exclusive Australian distributor of the PAMP range of precious metal products.

MINTING

Pallion subsidiaries ABC Refinery and A&E Metals boast Australasia's pre-eminent independent precious metal minting facilities with the capacity to meet the strictest international numismatic technical requirements including ABCEal™ packaging, supported by the largest minting sheet capacity in Australia.

Testament to its quality and capacity, ABC Refinery is the preferred supplier of coin and tablet blanks to The Royal Australian Mint and is also the supplier of gold sheet used for the production of the Emirates Melbourne Cup.

CASTING & JEWELLERY

Pallion operates Australasia's premier jewellery casting and custom jewellery production service at Palloys and Goldenage International.

Established in 1951, Palloys is Australia's oldest and most respected brand for jewellery casting, CAD/CAM services and custom jewellery production, including polishing, plating and setting services. The Palloys My Dream Ring™ catalogue forms the basis of its semi custom fully finished jewellery range available in the full spectrum of precious metals.

Based in China and Hong Kong (SAR), Goldenage International Custom Design Jewellery Manufacturing services are tailored to the volume jewellery production market, from design to final finishing and setting.

Palloys®
SINCE 1951

GOLDENAGE®
INTERNATIONAL
World Famous Findings

FABRICATED PRODUCTS

Pallion is Australasia's pre-eminent fabricated precious metals producer.

A key feature that differentiates all Pallion fabricated metal products is that they are made with bullion grade precious metals from ABC Refinery, ensuring a superior residue free finish.

Gold, platinum and palladium fabricated metals including sheet, wire, chenier and solders are distributed under the AGS|PJW brand. AGS|PJW also supplies milled white label wedding rings and bangles, sold by the gram.

Silver, Argentium® and base metal fabricated metals are distributed under the A&E Metals brand.

Pallion is also the exclusive distributor of the Wieland brand of Electroplating Products including White Rhodium, Black Rhodium, Black Ruthenium, Blue Rhodium and Gold Plating Solutions.

FINDINGS

Pallion manufactures and distributes jewellery findings under three brands.

For the international market, Goldenage International is the Pallion brand that produces volume findings on behalf of global jewellery houses and wholesalers.

In Australia, Pallion distributes jewellery findings tailored for use by the manufacturing jeweller under the Regentco brand. Base and silver filled findings are distributed in Australia under the A&E Metals brand. Both Regentco and A&E Metals branded jewellery findings are unconditionally guaranteed for quality and caratage.

VAULTING

Pallion provides secure vaulting services at Custodian Vaults, Australia's premier secure storage facility.

Custodian Vaults is a discreet vaulting service with state of the art security including 24 hour physical monitoring and biometric access. The Custodian Vaults facility includes a range of vault sizes specifically designed to hold weights of up to 240 kilograms.

Whether storing bullion, documents, data, jewellery or other valuables, Custodian Vaults is unique in its capacity to meet the demands of private clients, families and business partners throughout the region.
